Memorial Day	May 30th.
Flag Day	June 14th.
Battle of Bunker Hill	June 17th.
Independence Day	July 4th.
Battle of Saratoga	October 17th.
Surrender at Yorktown	October 19th.

On Memorial Day, May 30th, the Flag should fly at half staff from sunrise to noon and full staff from noon to sunset.

In order to show proper respect for the Flag the following ceremony should be observed:

It should not be hoisted before sunrise nor allowed to remain up after sunset.

At "Retreat" sunset, civilian spectators should stand at "attention" and uncover during the playing of the "Star Spangled Banner." Military spectators are required by Regulation to stand at "attention" and give the military salute. During the playing of the National Hymn at "Retreat" the flag should be lowered but not then allowed to touch the ground.

When the National Colors are passing on parade, or in review, the spectator should if walking, halt, and if sitting arise and stand at "attention" and uncover.

When the National and State, or other flags fly together the National Flag should be placed on the right.

When the flag is flown at half staff as a sign of mourning, it should be hoisted to full staff at the conclusion of the funeral.

In placing the flag at half staff, it should first be hoisted to the top of the staff and then lowered to position, and preliminary to lowering from half staff, it should be first raised to the top.

The National Salute is one gun for every State. The International Salute is, under the Law of Nations, 21 guns.
